February 21, 2003

An act to add Section 7029.6 to the Business and Professions Code, relating to contractors.

LEGISLATIVE COUNSEL'S DIGEST

AB 1538, as amended, Berg. Construction contractors.

Existing law, the Contractors' State License Law, creates the Contractors' State License Board within the Department of Consumer Affairs and provides for the licensure and regulation of contractors. Existing law requires a plumbing contractor, electrical sign contractor, and well-drilling contractor to display his or her name, business address, and contractor's license number on each side of each motor vehicle used in his or her business.

This bill would require a construction contractor to display his or her contractor's license number *and business name* on each motor vehicle he or she drives onto a job site where he or she is performing work.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
